

**CASTLEGAR ROTARY CLUB**  
**GLOBAL GRANT**  
**WATER PROJECT PROPOSAL**  
**2023-2024**

---

**SANTA CRUZ DE LA TABLADA,**  
**HUAURA DISTRICT, PERU**

The community of La Tablada meet to discuss the water project

# The Water Committee of La Tablada

The community will contribute hundreds of hours of labour to dig the trenches for the water pipes.

After chlorination, each of the 172 households in La Tablada will be supplied with gravity-fed water to a faucet and sink, similar to this one.

# Les Ailes de L'Espérance – our Service Provider

Les Ailes de L'Espérance  
Wings of Hope  
Alas de Esperanza

This Montreal-based NGO has been working in Peru over the past 50 years.

They have completed several hundred water projects on the coast, in the Andes, and in the Amazon basin of Peru.

Since 2000, Les Ailes has installed approx. 25 water projects near Barranca, all of which are currently still functioning. Tens of thousands of people now have clean water.

All water projects are only undertaken if there is a local water committee composed of at least 50% women from the community.

All community members are given training on hygiene and the proper use of potable water.

The community will contribute many hours of unskilled labour toward the project.

# Previous Water Projects by the Castlegar Rotary Club and District 5080 Clubs

**Project 1: Nuevo Huaralica 2020**

**Project 2: Penico 2021**

# Project 3: Venturosa 2022

Drilled well +  
water tower

# Project 4: Nueva Esperanza 2023

## Pump-house for well

## Elevated water tank

**Our project in La Tablada will be similar to our past water project at Nueva Esperanza, with a drilled well, an elevated water tank and a solar-powered pump**

# Project 5: San Felipito - Expected Completion date - early 2024

# Location of previous water projects and proposed La Tablada project

# Funding for the La Tablada water project

The **Castlegar Rotary club** will be the **International Club**

The **Huacho Rotary club** will be the **Host Club**

---

Total cost: \$121,991.00 US

The Montreal Rotary Club will contribute 50% of total funds

The Castlegar Rotary Club is responsible for raising 50% of funds through cash contributions from our District clubs, matching DDF grants and matching grants from the Global Fund.

We are looking for clubs in our district to commit funds to this project. We need a commitment of approx. \$25,000 US.

The Castlegar club will take on the responsibility for all grant writing, financial accounting and report writing.

# Please join us in helping this needy community!!

---

We will be helping La Tablada obtain a desperately needed source of clean water.

This will help them avoid water-borne diseases and free them from the daily chore of finding adequate water, which currently must be collected from nearby contaminated irrigation canals.

La  
Tablada  
says  
“Thank  
You!”
