

Rwandan Nurses Saving Live Conference Evaluation

This educational conference is a unique offering for nurses to gain the knowledge and skills to assess, diagnose, and treat Streptococcus infections and the possible autoimmune responses of Acute Rheumatic Fever and Rheumatic Heart Disease. It is a collaborative effort of the Rwandan Biomedical Center, Team Heart, and Rotary International.

Please provide your honest thoughts on this conference so we can improve and meet your needs as a clinician.

Module 1: Streptococcus Infections

RHD- General	No (1)	Some (2)	Yes (3)
This was a good presentation in style and content			
It was easy for me to understand			
It had good and new content for me			
The speaker (s) was good and knowledgeable			

What information in Module 1 (Step Infections) that was most important/new for you today?

Module 2: Acute Rheumatic Fever

RHD- General	No (1)	Some (2)	Yes (3)
This was a good presentation in style and content			
It was easy for me to understand			
It had good and new content for me			
The speaker (s) was good and knowledgeable			

What information in Module 2 (Acute Rheumatic Fever) that was most important/new for you today?

Module 3: RHD-General

RHD- General	No (1)	Some (2)	Yes (3)
This was a good presentation in style and content			
It was easy for me to understand			
It had good and new content for me			
The speaker (s) was good and knowledgeable			

What information in Module 3 (RHD-General) that was most important/new for you today?

Module 4: RHD- Valve Disease

RHD- General	No (1)	Some (2)	Yes (3)
This was a good presentation in style and content			
It was easy for me to understand			
It had good and new content for me			
The speaker (s) was good and knowledgeable			

What information in Module 4 (RHD-VD) that was most important/new for you today?

Module 5: Heart Failure

RHD- General	No (1)	Some (2)	Yes (3)
This was a good presentation in style and content			
It was easy for me to understand			
It had good and new content for me			
The speaker (s) was good and knowledgeable			

What information in Module 5 (Heart Failure) that was most important/new for you today?

Module 6: Nursing Empowerment

RHD- General	No (1)	Some (2)	Yes (3)
This was a good presentation in style and content			
It was easy for me to understand			
It had good and new content for me			
The speaker (s) was good and knowledgeable			

What information in Module 6 (Nursing Empowerment) that was most important/new for you today?
